

BI⊙AgeLess™

CLEAR

# Sophora Kiwi Spot-Fade

50 ml

**Features:**

Helps to fade age spots and skin pigmentation on the face and hands that may occur from overexposure to the sun.

**Directions:**

Skin lightening is a gradual process. Depending on the individual's skin type, noticeable results should be expected in 2 to 4 months of daily use. Twice daily, apply a thin layer directly to affected areas, not over moisturizers or creams. To maintain results, use several times per week. During the daytime, use a sunscreen for further protection.

**Main Ingredient:** Sophora Flavescens (from a tree in China) and Kiwi Root

No fragrance. No animal ingredients. For external use only.
